OBI 2018 Annual Session

Bioesthetics®
THE ESTHETIC SUMMIT

SAN DIEGO

October 11-13

Save Big with Early Registration - Ends June 30th

INVITATION & WELCOME

Welcome to OBI 2018 Annual Session in San Diego

By popular demand, we are back in America's "Finest City" for another exciting opportunity for first class education, to reunite with old friends, and meet new people.

This year we have called our meeting "The Esthetic Summit." Because we are meeting in southern California, we are able to invite some of the best educators in esthetics to share their knowledge and experience with us. As Bioesthetic Dentists, we are fundamentally focused on function and we are well respected for the miraculous changes we make in our patient's lives both functionally and cosmetically. This year we will learn more about what tools Cosmetic Dentists are using to improve the outcome of our cases. We will learn new approaches, understand how to maximize predictability and outcome with the best materials, and ultimately make our rejuvenations even better than we did before.

Of course, the session would not be complete without our respected Surgeons and Bioesthetic dentists sharing their practice and protocols to bring our overall presentation to a full circle. Our goal is for you to take home new information and skills that you can use immediately on Monday when you go back to your practices. A wise man once said: "A mind that is stretched by a new experience can never go back to its old dimensions." We are very excited about this year's meeting and welcome you to learn and enjoy.

Sincerely,

Nick Addario, DDS
2018 Chair

Sue Vetter, DDS, FAGD
2018 Co Chair

Michael Edwards, DMD
2018 Co Chair

2018 PRESENTERS

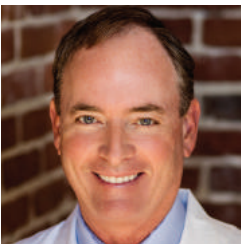

Mary E. Burns, DMD, MS, MA
