OBI 2022 Annual Session

**ILLUMINATING THE
“BIO” IN BIOESTHETICS®**

DENVER September 29 - October 1

Save big by July with Early Registration!

INVITATION & WELCOME

Welcome to the OBI 2022 Annual Session!

Illuminating the “Bio” in Bioesthetics

I am delighted to welcome you, along with my good friend and colleague, Dr. Corbin Popp, to the 2022 OBI Foundation Annual Session in Denver, Colorado. These past few years have brought into focus that true wellness is achieved when all systems of the mind, body, and spirit are operating in harmony. The art of dentistry is uniquely poised to support this alignment by approaching care with a holistic view. This year’s annual session is a chance to expand our thinking into a truly integrative approach between dentistry and medicine.

I am excited for us to co-explore the merging of Bioesthetics and Biological Dentistry as a means to elevating patient outcomes. Our OBI founder, Dr. Robert Lee utilized meticulous research and innovative treatment modalities to bring forth an alternative approach to restoring stability and harmony to the chewing system. To this day, OBI faculty and staff gracefully uphold this mission by dedicating their time, expertise, and hearts to serving others in this way.

Likewise in medicine, open-minded researchers and practitioners are redefining what constitutes true human health. This session aims to blend state-of-the-art oral and systemic health knowledge, so that we may learn from our dental and medical colleagues who are pioneering this integration. The science they will show, the patient cases you will see, and the stories behind these remarkable transformations are sure to inspire all of us to continue learning and growing towards a more comprehensive, holistic view of what we collectively have to offer.

Dr. Popp and I are thrilled to welcome you to Denver! My sincere hope is that we part from this meeting uplifted by one another and inspired by the brilliance within our group. Welcome to Denver for the 2022 OBI Annual Session. I look forward to warmly greeting each and every one of you personally, and am so thrilled to be hosting this year’s event!

Sharon Dickerson DDS
2022 Chair

Corbin Popp DMD
2022 Co Chair

2022 PRESENTERS

Sharon Dickerson DDS

- 1988 Graduate University of Michigan School of Dentistry
- Member of the IAOMT (International Academy of Oral Medicine and Toxicology) since 2003
- Extensive background in occlusal restorative dentistry, including Pankey, Dawson, and Orthognathic Bioesthetic Institute (OBI)
